"We're All To Blame"

Visit "[We're All To Blame](#)" on MotoLyrics.com

Take a look around you and
Tell me what you see
A messed up world
Backwards society
Were all to blame
Everybodys out
To please themselves
Church and state fueled by their wealth
Were all to blame
Quite pointing the finger
At some else to blame
Were all at fault here
And the simple fact remains
Were all to blame
Nothings gettign better
Its only gettign worse
You can sit in complacency
But you wouldn't be the first
Were all to blame
