"Where Is The Love"

Visit "[Where Is The Love](#)" on [MotoLyrics.com](#)

With all the feelings so high
I'm losing, losing my mind
But our love, I'll come and find you

Keep all the reasons inside
I'm wasting, wasting my time
But our love

We'll see it there, the pain is so clear
Drifting, leaves me feeling that I run

With all the feelings so high
I'm losing, losing my mind
But our love, I'll come and find you

We'll see it there, the pain is so clear
Running, leaves me feeling that I run

We'll see it there, the pain so clear
Drifting, leaves me feeling that I

We'll see it there, the pain is so clear
Drifting, leaves me feeling that I run
That I run
