What do you see when you look in my eyes
I have a feeling, you know who I am
Am I the one who can make you happy
I don't know, don't wanna break you down
Down
Down
Down

You know, I'll try, to please you babe
But I always, seem to fall on my face
And now, that I see what I do
I think I should just stay away

You know, I'll try, to please you babe
But I always, seem to fall on my face
And now, that I see what I do
I think I should just stay away
