Ron and Nancy got the house but Sid and Nancy rule  
I died 8 years ago I'm still a legend at my high  
school  
I stole a Chevy and I wrapped it round a tree  
But that's OK cause no one's gonna make the next  
century  
I'm up in heaven now they say I'm here to stay  
Where the clouds are really puffy and the angels sing  
every day  
Alleluia Alleluia Alleluia, Wo-oh . . .

The cafeteria's got everything it's gonna drive me  
mad  
Cause it looks just like a big Hawaiian party that my  
mother had  
It's like the worst Elvis film I've ever seen  
Technicolor luau all on technicolor green  
There's camping trips and donkey rides and singing  
round the fire  
And they signed me up for surfing  
But they can't get me in the choir  
Alleluia Alleluia Alleluia, Wo-oh . . .

But there she was this morning getting fitted for her  
wings  
Leather boots magenta hair and saying nasty things  
I'd say she was an angel but it's stupid and it's

obvious  
I said you'll hate it here cause we're the only ones  
like us  
It's crypto-fascist mania it's silicon deliria  
Yeah, she said, you're right, but I like the  
cafeteria

Hey God we're the bad kids we're so nasty mean and  
vile  
God looks like a guidance counselor God's got that  
smile  
God says, how could this be, that's really odd  
I guess I'll have to check my records, silly me, you  
know, I'm only

God . . .

The waves are perfect and the sun will always shine  
But there's got to be more to death than surfing all  
the time

I know the signs of self-destruction so I try to stop  
each new kid

Don't be like me, forever young, forever stupid  
Yeah, I found love here but I'll bet you'll find it  
there

Where they don't always make the same joke

Gee you make a heavenly pair

Alleluia Alleluia Alleluia Alleluia

Alleluia Alleluia Alleluia Alleluia

Alleluia Alleluia Alleluia

Alleluia
