When I hurt you, I never meant to hurt you  
I'm just trying to work through things in my life  
Emotions can be mean and I didn't really mean it  
I never stopped believing in your truth

I'm not big on waiting  
I could use some patience  
This time I'm not afraid of losing

Wrap your arms around me, I know  
Trying hard not to let go  
Every time I stand up, I fall without you

When you wrap your arms around me, I know  
With me wherever I go  
Nothing else matters at all when you're here

You're always near me even when it's ugly  
Even when I'm screaming up to you  
I'm thankful for your mercy, you always seem to hear  
me  
It's not always easy to push through

I'm not big on waiting

I could use some patience  
This time I'm not afraid of losing

And I'm not one to frown when  
The sun is going down and  
I'm happy to just wait for you

Wrap your arms around me, I know  
Trying hard not to let go  
Every time I stand up, I fall without you

When you wrap your arms around me, I know  
With me wherever I go  
And nothing else matters at all when you're here

I promise I'll never doubt you  
You know I'm lost without you

Please hold me in your arms tonight

Wrap your arms around me, I know  
Trying hard not to let go  
Every time I stand up, I fall without you

When you wrap your arms around me, I know  
With me wherever I go  
Nothing else matters at all when you're here  
When you're here, when you're here
