Warwickshire to Fraserville and all between
You have left us here a life of memories
You forever changed the lives of all of us
Who have known you
Truth be told this world feels cold without you
You gave all of us a better name

So here's the final toast we raise to you, dear friend
Good times will never be the same
And our thoughts still remain
We'll hold you in your hearts forever and a day
And we'll never be the same
So the last toast that we raise goes to you

So if you ever lost someone that's close to you
Waiting for the answers like the spring to bloom
I hope their tears are wiped away
When they're at the Pearly Gates praying for you
You have made this world a better place

So here's the final toast we raise to you, dear friend
Good times will never be the same
And our thoughts still remain
We'll hold you in your hearts forever and a day
And we'll never be the same
So the last toast that we raise

So here's the final toast we raise to you, dear friend
Good times will never be the same
And our thoughts still remain
We'll hold you in your hearts forever and a day
And we'll never be the same
So the last toast that we raise goes to you
The last toast that we raise goes to you

Every time that I close my eyes
I catch the glimpse of the west coast sunrise
But I can tell you're just as beautiful
Overwhelmed by the fear and stage fright
You're the only one in my spotlight
Even when you don't feel so beautiful

We've got one chance, we've got one chance
We've got one chance to shine
