You talk then you stop then you look at the mop-headed
kid

Who is right by your side

He feels great as he takes all the jokes you create

And he'll steal them with all of your lines

Everybody thinks he's the greatest

You know he's just a fraud

He makes you so frustrated

Can't wait till he gets caught

Now he's taken all your words,

Going through the motions as if he's never learned

And now he's just a mirror that you see

Without causing commotion, just stop being me

You get up, take a walk 'cause you almost threw up

From the way that he hits on your girl

Find the sink, take a drink 'cause there's nothing left to
bring

Bro, you know that it's already brought

Now he's taken all your words

Going through the motions as if he's never learned

And now he's just a mirror that you see

Without causing commotion, just stop being me

You're the scum and I'm the mountain water

Rolling through the fields where you're not invited

Go your own way now before it's too late

Just stop being me

Everybody thinks you're the lamest

We all know you're a fraud

Life can be so frustrating

I'm so glad you got caught

Now he's taken all your words

Going through the motions as if he's never learned

And now he's just a mirror that you see

Without causing commotion, just stop being me

You're the scum and I'm the mountain water
Rolling through the fields where you're not invited
Go your own way now before it's too late
Just stop being me

You're the scum and I'm the mountain water
Rolling through the fields where you're not invited
Go your own way now before it's too late
Just stop being me

You're the scum and I'm the mountain water
Rolling through the fields where you're not invited
Go your own way now before it's too late
Just stop being me
