Grown up, now it's my turn  
Dare me to make my move  
Nowhere to go and I still don't know  
But I'll make it through

Times change, change like the wind  
I'm blown away again  
Goodbye to my friends, new life begins  
Without you

But these were the days, the choices we make  
Decide who we will be and where we go  
As we say goodbye, the look in your eye  
Is screaming silently, remember to never forget

Move on, watching you live  
Dying to be like you  
I'd go back in time but I can't press rewind  
Sad but true

I broke down, I'll be okay  
I'm gonna make it through  
I won't be afraid starting today  
Without you

But these were the days, the choices we make  
Decide who we will be and where we go  
As we say goodbye, the look in your eye  
Is screaming silently, remember to never forget

Yeah, these were the days, the choices we make  
Decide who we will be and where we go  
As we say goodbye, the look in your eye  
Is screaming silently, remember to never forget

As we say goodbye, the look in your eye  
Is screaming silently, remember to never forget  
Never forget

Don't you forget  
When the day starts over  
No, now don't you forget

Don't you ever forget
