Hey folks, let me tell you somethin'  
I had a dream this afternoon, during my nap  
And I'm gonna share it with you right now, through  
song  
Tune her up boys

Oooh Oooh  
Oooh Oooh

Had another dream today  
I gotta let it out  
The media has lost it's brain  
What's this all about?

The action, the drama,  
Has got me on my  
Seat's edge all the time

TSN's been on my screen  
Since I read the news last night  
If it's true  
Then can someone let me know  
I need proof  
That this rumor's not a joke

Is it a myth (a myth)  
A ledgend (a ledgend)  
An old wise tale  
I guess I'll see it through

If the Flames win Lord Stanley  
Then we all win it too
