It's 2 o'clock, your eyes are shut
Your phone alarm is going on
The sun is up, you're still in bed
Another day gone again

This isn't what you wanted, was it?
I know you gotta pulse, let's get it started

You got one shot, all you got, take it now
You gotta get up, get up, get up, oh, oh
One life, live it right, keep on moving forward

You got one shot, everybody, it's your time
I wanna see you on the other side
You got one shot, all you got, live out loud
Come on, wake up, wake up, wake up before it's over

You gotta truck, take a drive
Go somewhere to feel alive
You gotta dream, say a prayer
A little faith will get you there

This is what you wanted, promise
Never go back to the way you started

You got one shot, all you got, take it now
You gotta get up, get up, get up, oh, ooh, oh, oh
One life, live it right, keep on moving forward

You got one shot, everybody, it's your time
I wanna see you on the other side
You got one shot, all you got, live out loud
Come on, wake up, wake up, wake up before it's over
Get up, get up, get up before it's over
Wake up, wake up, wake up, wake up

Oh, oh, oh, oh, oh, oh
Oh, oh, oh, oh

You got one shot, all you got, take it now
You gotta get up, get up, get up, oh, ooh, oh, oh
One life, live it right, keep on moving forward, ooh, oh

You got one shot, everybody, it's your time
I wanna see you on the other side
You got one shot, all you got, live out loud
Come on, wake up, wake up, wake up before it's over,
before it's over
