I was happy alone  
I was doing alright  
I had things of my own  
'Cause there was nothing that I needed  
and somehow we met  
and it was totally wrong  
and I don't know what to say, but baby  
Somehow we're completed

Now I won't  
Change a thing now  
That we're together  
I can't explain it, we're so different

We're not the same were nothing alike  
We're chemical  
We're chemical  
'Cause you like the same  
and I like the change  
It's chemical  
It's chemical  
It shouldn't be as perfect as it feels  
'Cause w'ere not the same were nothing alike  
It's chemical

When you wanna go out  
and I am happy at home  
On a Saturday night  
So I tell you have fun baby  
Your friends always ask  
Are we doing oky  
and you tell them its strange  
You tell them nothing could be better

Now I won't  
Change a thing now  
That we're together  
I can't explain it, we're so different

We're not the same were nothing alike  
We're chemical  
We're chemical

'Cause you like the same  
and I like the change  
It's chemical  
It's chemical  
It shouldn't be as perfect as it feels  
'Cause w'ere not the same were nothing alike  
It's chemical

We're not the same were nothing alike  
We're chemical  
We're chemical  
'Cause you like the same  
and I like the change  
It's chemical  
It's chemical  
It shouldn't be as perfect as it feels  
'Cause w'ere not the same were nothing alike  
It's chemical

No one goes out looking for something that isn't there  
and we couldn't be more different  
and I couldn't even care

I was happy alone  
I was doing alright  
I had things of my own  
'Cause there was nothing that I needed

We're not the same were nothing alike  
We're chemical  
We're chemical  
'Cause you like the same  
and I like the change  
It's chemical  
It's chemical  
It shouldn't be as perfect as it feels  
'Cause w'ere not the same were nothing alike  
It's chemical

We're not the same we're nothing alike  
We're chemical  
We're chemical  
'Cause you like the same  
and I like the change  
It's chemical  
It's chemical

We're not the same were nothing alike  
We're chemical  
We're chemical  
'Cause were not the same were nothing alike

It's chemical  
It's chemical
