Magnu, horse with golden mane
I want your help yet once again
Walk not the earth but fly through space
As lightnings flash and thunders race
Magnu...
Magnu, come to me
Just like your mare's mare
Come to me

MAGNU

Magnu, horse with golden mane
I want your help yet once again
Walk not the earth but fly through space
As lightnings flash and thunders race

Swift as the arrow from the bow
Come to me so that no one can know

Sunbeams are my shafts to kill
All men who dare imagine ill

Deceit that fears the light of day
Flies from the glory of my ray
Good minds open and take new light
Until we diminish by the reign of night

A burning brand was seen to fall,
It lit the darkness of the hall
The flying hoofbeats circling in,
Come to me and let us spin

Sunbeams are my shafts to kill
All men who dare imagine ill

Deceit that fears the light of day
Flies from the glory of my ray
Good minds open and take new light
Until we diminish by the reign of night
