We felt so mean in the Trip Zone
In fantasy now you'll all get some
Underwater walking, it's easy to be
Sink and rise then into infinity
For ourselves only have we to thank
To fool you now would be to walk the plank
Eternity you spend in mime
Drowning in the dying seas of time

??

And with the tide we'll sail her yet
My life repelled, armour ahoy
With your space eagle ??? design
?????????? ??? ultra, ultra trip
Felt so good those rocket ships
Themselves against ?? crime
Drowning in the dying seas of time
