Magnu horse with golden mane
I want your help yet once again
Walk not the Earth but fly through space
As lightning flash or thunder's race
Swift as the arrow from the bow
Come to me so that no one can know,
Sunbeams are my shafts to kill,
All men who dare imagine ill

Deceit that fears the light of day
Fly from the glory of my ray
Good minds open and take new light
Until we diminish by the reign of night
Until we diminish by the reign of night
Until we diminish by the reign of night
Until we diminish by the reign of night

A burning brand was seen to fall,
It lit the darkness of the hall
The flying hoof beats circling in,

Come to me and let us spin

Sunbeams are my shafts to kill,
All men who dare imagine ill
Deceit that fears the light of day
Fly from the glory of my ray
Good minds open and take new light
Until we diminish by the reign of night
Until we diminish by the reign of night
Until we diminish by the reign of night
Until we diminish by the reign of night

Until we diminish by the reign of night
Until we diminish by the reign of night
Until we diminish by the reign of night
(repeat)
