(Davey)

They call me Spunik Stan  
I view the Earth from a garbage can  
I'm in Earth's orbit  
It's a junk yard, man  
It's just a job  
I'm the satellite junk man  
They call me Sputnik Stan  
Spaceways maintenance man  
I see a satellite about to fade  
Got to collect  
Weigh it in, and get paid  
My name's Stan  
I've been commissioned  
By the alien Federation  
To collect all thos junk  
Floating around in space  
So don't you go nicking it  
Cause it's all mine
