"Streets Of Fear Brock"

What is this that I see here
You're walking through the streets of fear
What is this did I consent
Armed guard of punishment

What is life and what is death
You may laugh or gasp for breath
I ride the streets now filled with hate
Carve pathways through the lines of fate

With my energising ray
Power is the game I play
I can murder steal or rape
Panic is the rule I make
Panic is the rule I make
Panic is the rule I make
