We are the Survivors  
The eternal survivors  
Androgynous energies  
Travelling through time  
Particle Accelerators  
Morality Degenerators  
Dadata Disseminators  
Cyclotron attenuators  
Hyperspatial Conflagrators  
MEST Integrators  
Well your neutron bomb neutralised your history  
Wiped cancer from the Earth, and mystery  
Now we're pushing over concrete  
Blowing up the rockery  
Watching the garden  
Letting the grass grow  
Letting the grass grow  
We all know where the flowers went today  
Media explosion blew them all away  
After the thunder  
Always comes the rain  
We're coming up again  
Letting the grass grow  
Letting the grass grow  
Post future reality, it's a better real world  
Post future reality, it's a real better world  
Post future super-reality, it's a real super world  
Post holocaust hilarity, it's a super real world  
Post future surreality, it's sure a surreal world  
Post future surreality, it's a real surreal world  
Tell me Doc Spock have you got all your answers  
Ephemeral vision recalling the dancers  
Picking up the pieces  
In a progress picture  
Taking ?????? to his ??????  
Letting the grass grow  
Watching the grass grow  
Pieces of the omniversal zoo  
But will we survive?  
We always do  
We're coming up again  
We're coming up again

We're coming up again  
Watching the grass grow  
Watching the grass grow  
Watching the grass grow
