### "We Are So Last Year"

Visit "[We Are So Last Year](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Were falling faster, this is the last year  
Just a few more hours until we are all alone  
This never happens, changing with fashion  
Just a few more hours until we are unknown

I wish I could have known you better  
I should blame it on the weather  
This was over from the start  
Does it even matter  
Our situation's getting worse

Sleep in ( sleep in ), sleep well ( sleep well)  
With this life we are set to fail

I just wanted you to know,  
I think about you every night when I fall asleep  
You are in my dreams,  
Just like in a movie, the one you want to see  
With a happy ending

This dead letter, written on black paper  
It never found your eyes  
Instead of love, she only saw dollar signs

Sleep in( sleep in), sleep well( sleep well)  
With this life, ( this life) we are set to fail

I just wanted you to know,  
I think about you every night when I fall asleep  
You are in my dreams just like in a movie  
The one you want to see with a happy ending

With this life, ( this life ) we are set to fail...

( whisper)  
I just wanted you to know I think about you every night  
when I  
Fall asleep

I just wanted you to know I think about you every night  
when I fall asleep you are in my dreams just like in a

movie the one

You want to see with a happy ending...
