What is this?

As we are flying through the atmosphere

And coming to Earth

All we can see is your pollution

How long do you think the wheels will keep on turning?

How long do you think the wheels will keep on turning?

Nuclear radiation leaks through your lands

Your rivers are gone

Tankers seep oil into your seas

How long will the wheels will keep on turning?

For how long will the wheels will keep on turning?

And it's like you don't really care

And it's like you don't really care

You don't really care

You don't really care

Your ozone's gone

Gases weep through your lands

You really feel lost

????

And your eyes despair

And it's like you don't really care

And it's like you don't really care

You don't care

Do you really care?

We don't care

Do you really care?

How long will the wheels will keep on turning?

How long?

Your seas are gone

Your animals are dead

And it's like you don't really care

Do you really care?

Do you really care?

Do you really care?

Do you really care?

Do you really care?

Do you really care?

Do you really care?

Do you really care?

Do you really care?

Radiation seeps through your lands

Your ozone's gone
Do you really care?
Do you really care?
Do you really care?
Do you really care?
Do you really care?
Do you really care?
Do you really care?
Do you really care?
