You shouldn't do that, should do that You shouldn't do that, should do that

You try so hard to get somewhere, They put you down, and cut your hair, They're saying you're no good, they just don't care, You're trying to fly, You get nowhere, You get nowhere, You get nowhere, You get no air, You get no air, You get no air, You're getting aware. You're getting aware. You're getting aware. You get nowhere, You get no air, You're getting aware

You shouldn't do that, should do that. You shouldn't do that, should do that.

You want so hard to get somewhere, With trees and flowers growing there, If you can't make it you're going spare, You're trying to fly, You get nowhere, You get nowhere, You get nowhere, You get no air, You get no air, You get no air, You're getting aware. You're getting aware. You're getting aware. You get nowhere, You get no air, You're getting aware
