Fire of destiny
Fire of reality
Zarozinia
The burning of flesh
Flames loving caress
Zarozinia
Water from a thousand tears
Feeling of a thousand years
Flows over me
But the dream it is too real
Cold reality of steel
Zarozinia
Hurt and wounded you return
But deep down feel the anger burn
Zarozinia

Fire of destiny
Fire of reality

Zarozinia
The burning of flesh
Flames loving caress
Zarozinia
Water from a thousand tears
Feeling of a thousand years
Flows over me
But the dream it is too real
Cold reality of steel
Zarozinia
Hurt and wounded you return
But deep down feel the anger burn
Zarozinia
