Bleed these colors open wide.
Burning blues from butterflies,
Tonight we,
Tonight we fly.

Flying faster through the night,
Until the orange of morning light.
Dear black goodbye.
(DEAR BLACK GOODBYE)

I know
It's hard to make this work,
When you're all alone.
(ALONE)

I've been waiting for so long,
To hold you in my arms,
Embrace forever my sweet girl.

Water fills these open eyes,
(TONIGHT WE FLY)
Still frames and valentines,
Won't keep me in her mind.
(DEAR BLACK GOODBYE)
Dear black goodbye.

I know
It's hard to make this work,
When you're all alone.
(ALONE)

I've been waiting for so long,
To hold you in my arms,
Embrace forever MY SWEET GIRL.
And I've been waiting for so long,
To hold you in my arms,
Embrace forever my sweet girl.

You are the ghost,
Of everything
That I'm not,
And I want to be.

You are the ghost,
(You are the ghost)
Of everything
(of everything)
That im not
(and want to be)
And I want to be.

Dear black GOODBYE,
Don't forget to write
Your name INSIDE
Of my life.

I know
It's hard to make this work,
When you're all alone.

I've been waiting for so long,
To hold you
In my arms.
And I've been waiting for so long,
To hold you in my arms,
Embrace forever my sweet girl.
