How should I say  
That I never wanted anything to change?  
If I rearranged the pieces of  
A broken down faith

Do you believe in me?  
Because I'm not sure  
I believe in anything, anymore

Pick up the pieces and make me understand  
Why we can't move any faster?  
Losing all demand, I've broken all my plans  
This year was a disaster

What should I do when I never thought anything would  
come true?  
The solution for the broken down abuse  
I'm waiting for fading floor to let me fall on through  
I'm getting closer to letting go, letting go of you

Pick up the pieces and make me understand

Why we can't move any faster?  
We're losing all demand, I've broken all my plans  
This year was a disaster

What you don't know will only make this worse  
(I walked on the edge)  
What you don't know will only make this worse  
(I saw the edge of my future)

What you don't know will only make this worse  
(We'll own, buy back by the past?)  
What you don't know will only make this worse

Pick up the pieces and make me understand  
Why we can't move any faster?  
Losing all demand, I've broken all my plans  
This year was a disaster

Pick up the pieces and make me understand  
Why we can't move any faster?

Losing all demand, I've broken all my plans  
This year was a disaster
