Just breathe
The midnight air will do you well
Believe
I miss your taste, I miss your smell

The past mistakes that brought you here
I'll break the fall for you, my dear
I'll ask the nurse for bandages
And send me on my way

Rescue me
From everything
I just wanna live
I wish I could breathe

Every other day
I sit and wait for the same bad news
Can you hear me say
I've got nothing left to lose?

Someone please start making sense

And beg the Lord for accidents
I've seen the worst case scenario
Slowly letting go

Rescue me
From everything
I just wanna live
I wish I could breathe

Rescue me
From everything
I just wanna live
I wish I could breathe

Rescue me
From everything
I just wanna live
I wish I could breathe

Rescue me

From everything
I just wanna live
I wish I could breathe

Rescue me
From everything
I just wanna live
I wish I could breathe

Rescue me
From everything
I just wanna live
I wish I could breathe
