She's upset,
Bad day,
Heads for the dresser drawer to drive the pain away,
Nothing good can come of this,
She opens it, there's nothing,
There is only leftover tears,
Mum and Dad have no right she screams,
Anger runs down both of her cheeks.

Then she closed her eyes,
Found relief in a knife,
The blood flows as she cries.

All alone the way she feels,
Left alone to deal with,
All the pain drenched sorrowed relief,
Bite the lip just forget the bleeding.

And then she closed her eyes,
Found relief in a knife,
The blood flows as she cries.
Then she closed her eyes,
Found relief in a knife,
The blood flows as she cries.

Curled up she's on the floor,
Relief left her she had,
Hoped for something more from it,

Hoped for something more from it.

And he leans down to comfort her,
She is weeping as he,
Wraps his arms around,
And around and around and;

The deeper you cut,
The deeper I hurt,
The deeper you cut,
It only gets worse.
The deeper you cut,
The deeper I hurt,

The deeper you cut,
It only gets worse.
Gets worse.

Is she slowly opening?
Is she slowly opening,
New eyes?

And then she opened her eyes,
Found relief in his life,
And put down her knives.

Then she opened her life,
Found relief through his eyes,
And put down,
She put down her knives.

this song is actually called "The Way She Feels" and
its by Between The Trees.
