I guess I could've sent a letter from the womb
With words then meant more than updates on the
phone
The signals fading fast and the ink is running out
The words repeating as I'm better from my mouth

Please hold me tightly, I don't care if I can breathe
tonight
Forget these lungs their jealousy your burning up but I
can't leave this all behind
Forget these lungs their jealousy your burning up but I
can't leave this all behind

Behind your back talking like knives
And I can hardly breathe
Sharpen your tongue the rest of your life
And I can not believe anything that you say

Please hold me tightly, I don't care if I can breathe
tonight
Forget these lungs their jealousy your burning up but I
can't leave this all behind
Forget these lungs their jealousy your burning up but I
can't leave this all behind

So your the fire and I'm the water
I am the balance and you are the color
I wont forget you when we're not together
This is the ending, it's my surrender

(So your the fire and I'm the water
I am the balance and you are the color
I wont forget you when we're not together
This is the ending, it's my surrender)

Please hold me tightly, I don't care if I can breathe
tonight
Forget these lungs their jealousy your burning up but I
can't leave this all behind
Forget these lungs their jealousy your burning up but I
can't leave
