Have you seen a mother kiss her son goodbye ?

Have you seen a dark cloud fight a silver line ?

I have seen a loved one tell a million lies

Karma's like a boomerang whirling deep inside

I may not know a thing about you

You may not know a thing about me

But if we're free, then

CHORUS:

We're alive

Take a breath because, we're alive

Take a breath, we're alive

Put me on an airplane, let's fly up to the sky

Help me laugh with angels who just wanna get me high

Let's drive down this highway and leave our fears at home,

And let this twisting , winding road decide which way we go

You may not know a thing about me.

I don't know a thing about you

But let's enjoy the view

Repeat Chorus

Take a breath, take a deep breath

Take a breath, take a deep breath

Don't take yourself so seriously

Live life for the mystery

Life's for the mystery

We may wear different clothes and pray to Gods in
different robes

But we're not alone

Repeat Chorus
