Sit here in Trees Lounge
Pour it in my mouth
I Need something to forget
What got me in this mess
I'm feeling less and less
My Judgement is not clear
I do things that I fear,
I would never do
Sit here in Trees Lounge
Order one more round
You have a pretty name,
Pretty like your name
Lets play a drinking game
And If I win I get to,
Take you home and if you,
Win, you go home with me
Cause I need something to forget,
What got me in this mess
Feeling less and less
My judgement is not clear
I do things that I fear,
I would never do
