No one hears me

No one sees me  
No one makes me smile  
No one misses me  
No one kisses me  
No one told me why

While you're trying to remember years go by  
Still afraid of your behavior who am I?

Father  
Can you hear me?  
Can you feel my pain?  
Can you see me?  
Father  
Can you hear me?  
Can you feel my pain?  
Can you see me?

No one needs me  
No one feeds me  
No one wants to lie  
Since you left me  
No one loves me  
No one even tries

All those years are like a cancer in my mind  
If I'll call you would you answer one last time?

Father...  
Can you hear me?  
Can you feel my pain?  
Can you see me?  
Father  
Can you hear me?  
Can you feel my pain?  
Can you see me?
