Yeah,  
Won't do no good, if you run from me  
There ain't no cheatin', schemin' my heart  
don't see  
You left your troubles in my head, in my head  
You left your secrets in my bed, in my bed  
You're like the cover of a book that's been  
read, baby  
I know what line is coming next, coming next

Chorus:  
You can't hide from me,  
There ain't no tricks that you can try on me  
I know your every move before you even breathe baby  
Thinking you know something I don't know  
But my eyes, my eyes, my eyes are like a telescope

You're kissing her, when my head is turned  
You must be crazy baby, haven't you learned?  
You can't deceive me silly child, silly child  
I don't believe that pretty smile, pretty smile  
My intuition can see for miles and miles baby  
Every little sin, and everywhere you've been

Chorus:  
You can't hide from me,  
There ain't no tricks that you can try on me  
I know your every move before you even breathe baby  
Thinking you know something I don't know  
But my eyes, my eyes, my eyes are like a telescope  
Yeah, yeah  
Like a telescope

You left your troubles in my head, in my head  
You left your secrets in my bed,

Chorus:  
You can't hide from me,  
There ain't no tricks that you can try on me  
I know your every move before you even breathe baby  
Thinking you know something I don't know  
But my eyes, my eyes

You can't hide from me,  
There ain't no tricks that you can try on me  
I know your every move before you even breathe baby  
Thinking you know something I don't know  
But my eyes, my eyes, my eyes are like a telescope
