I'm gonna lose your admiration

I'm gonna look for secret doors  
I'm gonna kill your inspiration  
You've got to leave me

I'm gonna treat you like a temple  
I'm gonna wash you every night  
I'm gonna die for you my angel  
You've got to believe me  
You've got to leave me

You've got to believe me  
That everything I do  
I do for you...baby  
And if you want me too  
We don't need nobody

I'm gonna be with you forever  
I'm gonna mess your life once more  
I'm gonna ask you for a favor  
You've got to believe me  
You've got to leave me

I'm gonna sleep with you tomorrow  
I'm gonna make you see me cry  
I'm gonna let you touch my sorrow  
You've got to believe me  
You've got to leave me

You've got to believe me  
That everything I do  
I do for you  
And if you want me too  
We don't need nobody

I'm gonna make you lose direction  
I'm gonna see right through your lies  
I'm gonna change your destination  
You got to believe me  
You got to leave me

I'm gonna lose your admiration  
I'm gonna set your heart on fire  
I'm gonna kill your inspiration  
You've got to believe me  
You've got to leave me
