## "Where Do You Go"

Visit "[Where Do You Go](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Please help me God

Please help me  
Where do you go  
Please tell me  
Please tell me  
Where do you go

I want to be with you  
I want to hold you even more  
I love you  
I want to let you know  
I love you  
I want you when you're gone  
Where do you go

Please take me now  
Please make me  
Where do you go  
Please save me  
Please have me  
Where do you go

If I could be with you  
If I could see you just once more  
Where do you go

I love you  
I want to let you go  
I love you  
I want you when you're gone  
Where do you go
