There's a girl downtown with freckles on
Her nose
Pencils in her pocket and ketchup on her
Clothes
She's a real nice girl, pretty as a plate
The boys call her Katie when they ask her
On a date
And who knows Katie?
Maybe you could be the one

There's a boy outside standin in the rain
His hands are in his pockets he's a
Wonderin why he came
He's a real nice boy, slower than the fall
The girls call him Billy if they're callin
Him at all
And who knows Billy?
Maybe you could be the one

Chorus:
But hearts don't fly And words don't sing
Boys like you can't buy no ring
Loves not stuck It just moves slow
Turn around a minute And away we go

Billy walked inside, ordered up a drink
He started gettin nervous and a wonderin
What she'd think
She thought he looked nice, rough around
The seams
Just the kind of boy who could listen to
Her dreams
And who knows Katie? Maybe he could be the one

Well, they stepped outside, and took a
Little walk
Katie held his hand and Billy even talked
They sat by the pond, they didn't make a
Sound
The night fell easy as the moon came
Down
And who knows baby?

Maybe we could be the one

Repeat Chorus

There's a girl downtown with freckles on
Her nose
Pencils in her pocket and ketchup on her
Clothes
She's a real nice girl, pretty as a plate
The boys call her Katie when they ask her
On a date

And who knows Katie?
Maybe you could be the one
Who knows Katie?
Maybe you could be the one
Who knows baby?
Maybe we could be the one
