Ooohh, oooh, ooohh

Love letters written in lipstick  
The case is closed and I'm covered in your fingerprints  
Lay right here with me tonight  
The sun is coming up  
I've got a perfect view  
I've got the day planned out  
Even thought it through  
Oh baby teach my something I never knew  
Like a diamond in the roof I'd shine for you

Stop. chase here into the dark.  
With such grace, it's never been this hard.  
I've never fallen, I've never fallen faster.  
Stop. chase here into the dark.  
With such grace, it's never been this hard.  
I've never fallen, I've never fallen faster.  
Ooohh, oooh, ooohh

Let's hit the town parade every avenue  
Let's burn it down, forget all we ever knew  
Free from these city lights  
Undercover, out of sight and out of mind  
Where I can give you all my time  
Oh baby teach me something in ever knew  
Like a diamond in the roof I'd shine for you

Stop. chase here into the dark.  
With such grace, it's never been this hard.  
I've never fallen, I've never fallen faster.  
Stop. chase here into the dark.  
With such grace, it's never been this hard.  
I've never fallen, I've never fallen faster.  
Ooohh, oooh, ooohh

Stop. chase here into the dark.  
With such grace, it's never been this hard.  
I've never fallen, I've never fallen faster.  
Stop. chase here into the dark.  
With such grace, it's never been this hard.  
I've never fallen, I've never fallen faster.

Ooohh, oooh, ooohh
