I'm gonna go on living like I never met you,
And it'll feel wrong at first, but I think I can forget you,
Ignore the fact that we sleep no more than three feet
apart,
I feel you now your all around me, underneath me
Your all around me underneath me

Well how was I to know, that what we carved in stone
would be so temporary,
So how was I to know that my first crack at love, would
not be the last,
It wont be the last,
It's in the air now, bitter tears and broken hearts, we're
teenagers,
We count the years we think we're smart, but we're not,
we don't know anything.

So don't ask me where I'll go, 'cause frankly I don't
know, and I don't give a shit,
(Ahh-ahh-ahh)
Why must we all make sense of what just wont make
sense,
For once I'm just gonna live,
I'm just gonna live,

Teenagers,
We don't know any thing,
We're teenagers,
We don't know anything
(Ahh-ahh-ohh)

Well how was I to know, that what we carved in stone
would be so temporary,
I'm gonna go on,
Why must we all make sense of what just wont make
sense,
For once I'm just gonna live,
I'm just gonna live.
