A way out here they've got a name for wind and rain  
and fire  
The rain is Jack the fire is Joe and they call the wind  
Maria  
Maria flows the stars around since the clouds're flying  
Maria makes the mountains sound like cold wind out  
there dying  
Maria Maria they call the wind Maria  
Before I knew Maria's name heard her wails and  
whining  
I had a girl and she had me and the sun was always  
shining  
And then one day I left my girl left her far behind me  
Maria blowed her love to me I need her here beside me  
Maria Maria they call the wind Maria  
Out here they've got a name for rain and wind and fire  
only  
But when you're lost and all alone there ain't no name  
for lonely  
Now I'm a lost and lonely man without the stars to  
guide me  
Maria blowed her love to me I need her here beside me  
Maria Maria they call the wind Maria
