You can have her I don't want her she didn't loved me  
anyway  
She only wanted someone to play with all I wanted was  
love to stay

If you get the wrong woman there's only one thing you  
can do  
Just dig a hole jump right in it and pull the ground right  
over you  
You can have her...

The girl I love she upped and left me she ran away with  
my best friend  
Comes home at night just for an hour when daylight  
comes she's gone again  
You can have her...

Life without love it's mighty empty confession is good  
good for the soul  
I'd rather have love that I can cling to than have the  
world and all of its gold  
You can have her...
