Let Me Hold You Down,
Through the good the bad an the ugly,
You aint got no choice but love me,
If You let me hold you down,
If imma sucka imma sucka for you,
You know what I wanna do Baayybbyy,

Let Me Hold You Down,
Through the good the bad an the ugly,
You aint got no choice but to love me,
If You let me hold you down,
If imma sucka imma sucka for you,
You know what I wanna do Baayybbyy,

I appreciate you listenin to what your friends say,
And giving me an chance to prove myself anyway.
I know that I could be like every otha guy in your life,
But I relate to your struggle and your strive.
I feel like you are something like me,
And nothing could be stronger than we,
And if we stick together time heals everythang,
And if you work with me we can do anythang,
All it takes is perserverence,
I'll be right there behind you with that reasurance.
With that guidance that you needed your whole life,
And maybe in return you could be my wife.

Let Me Hold You Down,
Through the good the bad an the ugly,
You aint got no choice but to love me,
If You let me hold you down,
If imma sucka imma sucka for you,
You know what I wanna do Baayybbyy.

Let Me Hold You Down,
Through the good the bad an the ugly,
You aint got no choice but to love me,
If You let me hold you down,
If imma sucka imma sucka for you,
You know what I wanna do Baayybbyy.

I know your friends say I'm just to old for you,

But you tell em,
I can do what them young boys can do,
Haha.
Let me hold you down,
I know I know I could,
Let me hold you down,
It will be alright.

Bodies bangin I'm diggin yo perspiration,
Your such a soldier I'm diggin your dedication,
So wit it I'm diggin your lack of hesitation,
You gotta have a strong soul to be my motovation.
Like to express my appreation,
My love for you I could never get enough of you,
I know it's true when I look into your eyes,
I've been gone since the very first time we locked eyes.
My heart is yours to do wit it what you please,
And please be careful baby.
It's been hard in the past
But I'm okat now.
I have only one intention baby,

Let Me Hold You Down,
Through the good the bad an the ugly,
You aint got no choice but to love me,
If You let me hold you down,
If imma sucka imma sucka for you,
You know what I wanna do Baayybbyy,
Let me hold you down.

If the sun comes up,
An I'm not home, be strong.
I'm not beside you
Do your best to carry on.
Tell the kids about me
When their old enough to understand.
Tell them that their Daddy was a good man.

Imma grind for you baby
Stay on my feet.
Imma bring home the bacon,
If it means no sleep.
Imma do what I gotta
If it's back in the streets,
Cause I finally feel complete now that I found you
Hearing you scream my name between the sheets,
I'm so delighted baby
You know what I like
An uh I'm so excited.
Don't be surprised when you turn around
And see me on bended knee,

Let me hold you down.
