Lay along side me beautiful lady  
Dark as the blackest  
hour of night  
Deep in my body warm and lazy  
Under the  
sheets and out of sight  
Won't you tell me, tell me, tell  
me bedtime stories  
Oh let me close my eyes and drift  
away  
Tell me, tell me, tell me bedtime stories  
Tell me in  
a very special way  
Rolling and tumbling  
Sweet sensation doing the things  
we both do best  
Making the most of a situation, yeah!  
can't stop this pounding in my chest  
When you tell me,  
tell me, tell me bedtime stories  
Oh let me close my eyes  
and drift away  
Tell me, tell me, tell me bedtime  
stories  
Tell me in a very special way  
Won't you tell me, tell me, tell me bedtime stories  
Oh let  
me close my eyes and drift away
