Where did we go wrong
We had all the magic to put us
on our way
And all the tragedy that we ever want to
see
But you know I'm right
When I say the best is yet to
come

Where did we go wrong
Was it so enlightening we
couldn't find our way
All so frightening
We couldn't see
which move to make
But you know I'm right
When I say
the best is yet to come

And if you leave me now
Like you say you might
Oh
please don't leave me now
Cause I know, if you do
None
of this will come true so

Where do we go now
Now your heart is aching
And
leading you astray
Me I'm burning up
Tryin' to get you to
stay
Cause you know I'm right
When I say the best is yet
to come
And you know the best is still to come

And if you leave me now
Like you say you might
Oh
please don't leave me now
Cause I know, if you do
None
of this will come true, so

Where did we go wrong
We had all the magic to put us
on our way
And all the tragedy, that we ever want to
see
But you know I'm right
When I say the best is yet to
come
And you know the best is yet to come
