I was driving down a lonely highway  
As the sun went down  
I heard a voice right beside me saying  
Why don't you turn around  
Why don't you stop - feel the wonder  
Listen to the sound  
Well I heard it - I heard it  
I heard it - I heard it

Have you listened to the bell at midnight  
On the still night air  
It sets you dreaming of the strangest journey  
Across the great somewhere  
Then you start the brave adventure  
Dreams without a care  
Well I heard it - I heard it  
I heard it - I heard it

Like leaves borne on the wind  
Our words will fade and die  
Only to return  
As new life by and by  
The passions that we feel  
Like lovers wild and free

Are footsteps on the sand  
Holding back the mighty sea  
There's a place - a secret garden  
And when the day is done  
We lie among the grass and flowers  
Underneath the sun  
As we look up the sky is turning  
But with the earth we're one  
Well I heard it - I heard it  
I heard it - I heard it

The passions that we feel  
Like lovers wild and free  
Are footsteps on the sand  
Holding back the mighty sea  
There's a voice - that calls us onwards  
Down the lonely street

And when we tread the path no longer  
The circle is complete  
A million souls scream in anguish  
And others rest in sleep
