The secret that you keeps hidden way down deep I see
it in the window of your soul I hear it in your voice I feel it
in your touch The love that's in your heart you can
control

So take your chances Let's not pretend Cause we may
never Pass this way again

The pleasures of the night The darkness and the
light It's hard to see the writing on the wall I hear it in
your voice I feel it in your touch I see it through the
window of your soul

So take your chances Let's not pretend Cause we may
never Pass this way again
