

## Hayward Justin (moody Blues) "Tightrope"

Visit "[Tightrope](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Yes I used to walk the highwire every night  
Yes I used to walk the tightrope  
But it got too tight  
I walked the straight and narrow line  
My head was spinning round  
I worked without a safety net  
But it was such a long way down

Yes I used to walk the highwire every night  
Yes I used to walk the tightrope  
But you need a head for heights  
I walked the straight and narrow rope  
My head was spinning round  
I worked without a safety net  
But it was such a long way down

Oh you might have seen us  
If we came to your town  
This game's made for heroes  
And clowns  
Not thinking about tomorrow  
Living for today  
I never left a note saying I'm going away

Yes I used to walk the highwire every night  
Yes I used to walk the tightrope  
But it got too tight  
I walked the straight and narrow line  
My head was spinning round  
I worked without a safety net  
But it was such a long way down

Oh oh oh oh oh oh oh oh oh ohhhhhh

Yes I used to walk the highwire every night  
Yes I used to walk the tightrope  
But it got too tight  
I walked the straight and narrow line  
My head was spinning round  
I worked without a safety net  
But it was such a long way down

Oh oh oh oh ohhhhhh (Don't look down Don't look down)
