Love can be torture
Love can be joy to the soul
Love can be mountains high
Too high to go

(Love) love is a freedom song
(Love) love has no right or wrong
But I gotta have all of your lovin'
Yeah I need all of your lovin'
And I don't want it missing for the rest of my life

Love when you hold me in your tender arms
How can I hear any lies I'm lost in time

(Love) love is a freedom song
(Love) love has no right or wrong

But I gotta have all of your lovin'
Yeah I need all of your lovin'
And I don't want it missing for the rest of my life

And so I hold you tonight, my love
And so I told you it's all right
As long as I can have
All of your lovin'
Yeah I need all of your lovin'
And I don't want it missing for the rest of my life
