The cock it crowed "It's morning" the donkey said "Ee-aw"

The pigs they grunted expectantly for the farmer to open the door

The chickens started clucking, they could not lay no eggs

They were just plain frightened,

Remembering what the pigs had said "just do as you're told"

Remembering what the pigs had said

And they all sang

[CHORUS:]

We will be happy, we will be free,

We're going to make it, make equality

Hap-happy are we

Now the pig said "This is our day

We're gonna chase the farmer away

Now everyone must do their work like before

Except for me and I must think for you behind this door"

So they chased the farmer away,

And the pig got on his soap box to say

"And don't you worry don't you make no fuss

All you have to do is follow us

And do as you're told

All you have to do is follow us"

And they all sang

[CHORUS]

Hap-happy are we, hap-happy are we, we're so holy

The cock it crowed "It's morning"

The donkey said "Ee-aw"

The chickens clucked expectant

For the pig to open the door

[CHORUS]

Hap-happy are we, hap-happy are we, we're so holy
Hap-happy are we, hap-happy are we, hap-happy are
we, we're so holy
