Words & Music: Hazel O'Connor}

Sometimes I find it so hard to understand  
We had some laughs together  
Together we tried to change hand in hand  
But now it's come to this, for now goodbye  
And I must love you and leave you  
And you must love me and leave me  
And I must love you and leave you

But if ...

[CHORUS:]

If I had another chance  
I would have the same romance  
With life and you  
The lands we travelled through  
If I had my time again  
I'd change it not another way  
With you and life  
The happiness and the knife  
That's life (life)  
That's life (life)  
That's life (life, life, life)

A penny for your thoughts right now  
Hey, I think I know  
It's sad but I'll not let you see  
One single tear when it's time for you to go  
Hey we can say our goodbyes with a smile  
And I must love you and leave you  
And you must love me and leave me  
And I must love you and leave you

But if ...

[CHORUS]

And I must love you and leave you  
And you must love me and leave me  
And I must love you and leave you

But if ... if ...

[CHORUS 2x
