Well I knew a man, he was a real go-getter
And what he did best was climb the ladder of success
How far he went was how he measured the worth of his
life and who he was
But that's all behind me now because

Loving you it's what I do
It's the one thing I found I can put my heart into
It's who I am, I'm a lucky man living the life I choose
Loving you it's what I do

I do what I can to make an honest living
It's just a job it's not what I am living for
I wanna earn the love you're giving that's all that
matters now to me
No matter what I'll always be

Loving you it's what I do
It's the one thing I found I can put my heart into
It's who I am, I'm a lucky man living the life I choose
Loving you it's what I do

Loving you it's what I do
