You were the one who I could tell
my deepest fears
And you were the one who always wiped
away my tears.

When he hurt me
you were my prince
sent straight from above

Like a fool I never saw
you were falling in love

So now I've lost everything,
Casue now you say you're gone forever more

So who will I
Who will I run to
Who will I turn to
Now that you left me behind
Who will dry my tears
When I cry

Who will I run to
and who will I turn to
Now that you're not here
in my life

You were the one I took for granted
All those years.
Oohooohoh

And you were the one,
I should of known
it was so clear
How could I be so blind not to see
whats before my eyes
I'll get you back here with me
if it takes the rest of my life

Cause I would do anything
Cause I want you back forever more

Who will I run too
Who will I turn to
Now that you left me behind,
Who will dry my tears when I cry.

Who will I run to
Who will I turn to
Now that you're not here
In my life

I would gladly turn and cross the
deep blue sea
If I could know that I would have
you here with me.
I realize that I was blind but now I finally see
I need you back here in my life.
Oh baby can't you see.

Who will I run to
Who will I turn to
Now that you left me behind
who will dry my tears when I cry

Who will I run to
who will I turn to
now that you're not here
in my life.

Who will be there for me
who's gonna rescue me
who's gonna share my dreams
who's gonna mend this broken heart.
