I can't believe two years have gone by
I hold my head and think about the times
You know, I never thought I'd leave there
But looking back now
I had to grow, had to breathe
These city streets, they didn't feed
I made my mark, did my part, it's in my heart
I'm reminiscing now

No matter where I stay
I find my way back home
(Back home)
And I'll never forget those days
No I'll never forget you

I can't believe so much has changed
My old neighborhood, it's not the same
It's like, it's like I never lived there
But here I am now
I wanted more
I had to leave before the city life would get the best of
me
Start a new life with my family
Still this thing beats inside of me

No matter where I stay
I find my way back home
(Back home)
And I'll never forget those days
No I'll never forget you
No matter where I stay
I find my way back home
(Back home)
And I'll never forget those days

No I'll never forget you

I can't take it back
I can't live in the past
I know where I'm from
I know where I'm at
I can't take it back

I can't live in the past
I know where I'm from
I know where I'm at

I can't take it back (you can't take me back)
I can't live in the past

Can't believe two years have gone by
I hold my head and think about the times
You know I never thought I'd leave there
But looking back now

No matter where I stay
I find my way back home
(Back home)
And I'll never forget those days
No I'll never forget you
No matter where I stay
I find my way back home
(Back home)
And I'll never forget those days
No I'll never forget you

No matter where I stay
My heart will stay back home
And I'll never forget those days
No I'll never forget you
