When she glows, she glows just for me
Walk that road and say that you see the UFO's?
Pardon me ma'am do you think I'm sane?
I don't think that I am but I know the way I came in
That's when love wins
The giants must die along with me
The giants must die along with
Lovers liars bachelors and buyers

Down in a crypt
Far from her hips
Far from her lips

Danger she's been plotting
Buying plots for strangers
Stranger than a hooker
Hooking on vacation

And that's when the housewife said
That someone's sleeping in my bed
And I raised my head high
You can't catch me
I'm beating the jury and her voice is in my head

That's when jailors were born
That's when the jailers were born

Pardon me ma'am do you know the way I came in?
Pardon me ma'am do you know the way I came in!

That's when love wins
The giants must die alone with me
The giants must die alone with

Pardon me ma'am do you know the way I came in?
I don't know if I am where I begun
Lovers liars bachelors buyers
